Ladder Safety

Summary

This ladder safety course will enable employers and employees to reduce and control the risks associated with using ladders in the workplace. It will inform learners of the different types of ladders (including step ladders) and how to use them safely.

This course explores legal responsibilities, hazards and risks, completing a risk assessment and control measures to reduce associated risks. It will enable the learner to increase their understanding and confidence when working with ladders.

Lessons:

- Lesson 1: An introduction to ladder safety
- Lesson 2: Legislation and responsibilities
- Lesson 3: Types of ladders, classifications and uses
- Lesson 4: Safe use of ladders and maintenance
- Lesson 5: How to undertake a risk assessment

Continuing professional development (CPD):

All of our courses are certified by the CPD certification service

We offer formal accreditation:

Open College Network West Midlands is a national award winning organisation, regulated by Ofqual and the Quality Assurance Agency for Higher Education (QAA). Additional costs will apply.
