Manual Handling for Employees

Summary

We are all at risk from manual handling injuries. Manual handling injuries account for over a third of all workplace accidents reported each year. This manual handling for employees' course explores how the law protects you as an employee and what to expect from your employer.

This course covers common hazards, risks and risk reduction, completing a TILE assessment and manual handling techniques. It will provide you with practical information and guidance which will reduce the risk of you suffering from injuries associated with manual handling.

Lessons:

Lesson 1: Legislation, duties and types of hazards

Lesson 2: Injuries and ill health associated with manual handling

Lesson 3: Hazards and reducing risk

Lesson 4: Completing a TILE assessment

Lesson 5: Manual handling techniques and aids

Continuing professional development (CPD):

All of our courses are certified by the CPD certification service

We offer formal accreditation:

Open College Network West Midlands is a national award winning organisation, regulated by Ofqual and the Quality Assurance Agency for Higher Education (QAA). Additional costs will apply.
